

Metal Treating Institute Canadian Chapter Meeting

***March 8, 2012
Woodbine Entertainment Complex
Toronto, Canada***

Knowledge is Power in 2012

MTI chapter meetings are all about increasing your knowledge of key issues that are impacting your company.

Like most economies, the Canadian economy is pushing for expansion and growth. There are many issues being followed by the Canadian Manufacturers and Exporters Association that will have an impact on your company. Through MTI's partnership with CME, we are excited to host CME Ontario Vice President, Ian Howcroft, to share the inside scoop on workplace safety, taxation and grants up to \$50,000 that are available to heat treaters to improve their global competitiveness.

You will also have the pleasure of meeting MTI's 2012 President, Buster Crossley from Texas Heat Treating. He will provide you with exciting updates on MTI projects that will continue to help you manage your business and expand your sales while maximizing your profits.
